

Dear Board Members,

I'm excited to be considered for a board position on the Sisters of St. Joseph Ministries Foundation Board. I see this as a great opportunity for me to participate and contribute to an amazing organization that has done so much good within the Twin Cities. I had the great fortune to retire early from a long career in Human Resources in order to volunteer my time and talent in various ways to different organizations. I believe my experience within the Human Resource field will benefit the board and provide another perspective as the organization continues to change in the coming years. Thank you for considering me and I look forward to hearing from you.
